Health Language, Inc. Appoints New Chief Financial Officer

Brian McDonald Presents a Vital Mix of Strategic, Financial, and Administrative Expertise

AURORA, CO USA – January 20, 2005 – Health Language, Inc., (HLI) the world's leading supplier of medical vocabulary and concept-based technology, announced today that Brian McDonald has joined the company as Senior Vice President and Chief Financial Officer. Mr. McDonald brings more than 17 years of corporate experience, including both public and private corporations.

Prior to joining HLI, Mr. McDonald was a key member of executive management team for Jones International, Ltd. where he was responsible for the financial and operational oversight of more than twenty-five diverse business entities operating in North and South America, Europe, and Asia. In his role with Jones, Mr. McDonald led initiatives related to market strategy and business development including product positioning, strategic alliances, and M&A interest. Mr. McDonald has also served as Chief Financial Officer, Secretary and Treasurer of Carlyle Golf, Inc., successfully directing this entity's initial public offering.

Mr. McDonald will assume a diverse set of responsibilities, including the company's finance, accounting, treasury, tax, human resources and administrative functions. He will work closely with the executive team to develop strategies to support continued growth at HLI.

"In selecting a new CFO, it was essential to find a candidate with both domestic and international experience and we needed someone with extensive experience in the technology sector. Brian McDonald possesses all of these qualifications and more, he is an asset to our team", stated George Schwend, President and CEO of HLI.

About Health Language Inc.

Health Language, Inc. (HLI) services the worldwide healthcare industry through innovative software infrastructure technology and expertise. Effective and accurate clinical information is the objective of HLI's Language Engine™ (LE™) technology. LE enables the integrated and intelligent management of all enterprise health related terminology in a single environment, allowing local changes to be merged with periodic releases from standards bodies. HLI services the world's leading Healthcare IT vendors, clinical content providers, and national governments that have chosen the power of LE as their single terminology services solution for management and delivery of the multitude of disparate medical terminologies in use today. Health Language, Inc., is based in Aurora, Colorado, USA. Further information on Health Language, Inc is available at www.healthlanguage.com or by calling 303-307-4400.
